

AUTOMOTIVE TECHNOLOGY

BACHELOR OF SCIENCE

OUR NATIONALLY RECOGNIZED PROGRAM SETS YOU AHEAD FOR A CAREER IN THE AUTOMOTIVE, TRUCK, DIESEL, AND MOBILITY INDUSTRY. Widely considered the premier Automotive Technology program, we are known for developing students into highly skilled and capable industry leaders. By focusing on a thorough understanding of technology and hands-on, high-level diagnostics, combined with industry-specific business and management knowledge and its application, our students are prepared for a wide option of careers. Nearly all students accept fulltime career offers even before they graduate.

CUSTOMIZE YOUR CAREER PATH

- Advanced Vehicle Systems and Diagnostics
- Automotive, Truck and Industry Management
- Diesel and Truck Systems
- Electrical and Hybrid Propulsion Systems
- Autonomous Vehicle and Mobility Systems

**DRIVEN TO SUCCEED –
WE CAN HELP MAKE IT POSSIBLE**

- Starting salaries can be between \$50,000 and \$90,000 depending on position, company and location with opportunities for advancement
